

The data sets that are provided are sample versions for use with this manual only. Future requests for complete Demographic and Health Survey data sets should be directed to ORC Macro and partners. This manual provides steps for requesting permission to access DHS surveys via their website, www.measuredhs.com .

To use the data sets to complete the steps in the manual, please follow these directions for the proper downloading and location of the data sets:

1. Create a file on your C:\ drive entitled, Epi Info Practice Datasets.
2. From the website, download the following datasets into this new file:
 - Children.xls
 - Mother.xls
 - Obesity.mdb
 - Ghana 2003 DHS File.mdb
 - MotherChild.mdb
 - Teenhealth.mdb
