APPLICATION FOR ASSIGNMENT OF MAJOR PROFESSOR
(FOR FIRST SEMESTER PROGRAM FUNDED GRADUATE STUDENTS)

Instructions: First year graduate students holding program research assistantships are recommended to rotate among two to three laboratories during their first semester. Students are also encouraged to meet with as many faculty as they can. At the end of the first semester students must identify a faculty member to serve as the major professor for their degree work. The program must approve all major professor assignments for these graduate students.

Graduate Student’s Name _____________________________ Degree program: MS or Ph.D.

Proposed major professor: ___________________________________________

*Proposed funding source(s): _________________________________________

*Current students of proposed major professor:
